

Year 3 Spring Term

The children have been writing persuasive letters for a class pet, a longer break time and a non-uniform day.

They children enjoyed making their own paper after learning about the importance of papyrus plants to the Ancient Egyptians.

In Science, the children have been learning about light and shadows. They investigated materials to find out which are reflective and how shadows are formed.

Whilst exploring Judaism, the children enjoyed tasting challah bread and discovering the importance of different Jewish festivals and how they are celebrated by different groups within Judaism. A highlight for the children was when they got to blow a shofar!

Did you know, when a person was mummified, their brains were pulled out through their nose? This is just one of the many fun facts the children discovered when learning about the Ancient Egyptians.
