

Spiritual Development Policy

1. How is this policy a reflection of our theologically rooted Christian vision?

In the same way, let your light shine before others, that they may see your good deeds and glorify your Father in heaven. Matthew 5:16

Inspired by Martin of Tours, our Christian school warmly embraces all. We see our children as courageous advocates, shaping communities now and for the future. Guided by compassion, trust, prayer and a spirit of generosity, our children flourish and shine as beacons of light, making a positive impact on society.

Rooted in the words of Jesus in Matthew 5:16, 'Let your light shine before others,' our school seeks to nurture the unique God-given light in every child. As a Church of England school, we are committed to creating a loving, inclusive community where all children — whatever their needs — are supported to flourish, show kindness, and live out their faith through their actions. Through this, we enable every child to shine and reflect God's glory in the world.

2. Introduction

The Church of England Vision for Education is rooted in Jesus' desire that we should have 'life in all its fullness' (John 10:10). As our spiritual nature is such a fundamental part of our humanity, spiritual development is a key part of this holistic view of education:

*"Our vision embraces the spiritual, physical, intellectual, emotional, moral and social development of children and young people. We offer a vision of human flourishing for all, one that embraces excellence and academic rigour, but sets them in a wider framework."*¹

As Derek Holloway writes, spiritual development is intrinsic to every part of our work:

*"I would strongly contend that in all schools, and certainly in Church schools, that spiritual development is not something you should hide away in a couple of curriculum boxes or treat as an afterthought. I must be something that should influence all areas of education as it does all areas of life."*²

We believe that spiritual development is a core thread that runs through our school, and we see it as vital for the flourishing of all within our school community. In Acts 17:28, the Apostle Paul says that in God "we live and move and have our being"; becoming more aware of our innate spirituality is a life-long journey and it is our desire that all at **St Martin's CE Primary School** move forward on that journey during their time here.

3. Aims

¹ The Church of England Education Office, *Church of England Vision for Education: Deeply Christian, Serving the Common Good*. (The Church of England Education Office 2016)

² Derek Holloway et al, *Spiritual Development : Interpretations of spiritual development in the classroom* (The Church of England Education Office April 2019)

Our aim is to establish the right learning environment to enable the spiritual flourishing of all pupils through the following objectives:

- Develop an appreciation of their uniqueness and value as a child made in the image of God.
- Develop knowledge and understanding of the school's Christian values and the Biblical teaching that underpins them, as well as the context, language and symbolism of the Christian faith.
- Develop an awareness of and respect for other people's beliefs and faiths and the ability to articulate their own.
- Foster self-awareness and encourage pupils to make informed decisions.
- Develop an appreciation of what it means to be a part of a community (e.g. using their gifts in the service of others), understanding the value of difference and diversity through involvement with others.
- Develop the skills and language required to enable them to reflect upon the big questions and mysteries of life, and upon experiences of awe, compassion, beauty etc.
- Begin to understand and make sense of their own feelings and emotions around certain encounters and events that occur in their life, including an awareness that experiences of disappointment, failure and loss may be occasions for spiritual growth.
- Encourage curiosity, creativity and imagination.

These objectives will enable the pupils to have a quality of life that encompasses respect, awareness, compassion, curiosity, and understanding, and relationships that reflect order, reason, balance, and integrity within the context of Christian faith.

As over-arching aims, our approach to spiritual development will:

- Reflect the school's Church of England status.
- Reflect and strengthen the school's Christian vision and ethos.
- Take place within a school environment which enables pupils and adults to flourish.

4. Legal requirements

The importance of spiritual development in schools is recognised in legislation.

Section 78 of the Education Act 2002 states:

The curriculum for a maintained school or maintained nursery school satisfies the requirements of this section if it is a balanced and broadly-based curriculum which: (a) promotes the spiritual, moral, cultural, mental, and physical development of pupils at the school and of society, and (b) prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

Section 48 of the Education Act 2005

Spiritual development is a particular focus of Church school inspections under Section 48 of the Education Act 2005 (SIAMS) which asks:

- *How do the theologically rooted Christian vision and the Anglican/Methodist foundation of the school shape worship and spirituality in the school?*
- *How is collective worship enabling pupils and adults to flourish spiritually?*
- *How is spiritual development an intrinsic part of the curriculum?*
- *In the context of the school as a Church school, what do pupils and adults understand to be the meaning of spirituality? How does this enhance and enrich collective worship and individuals' spiritual development?*
- *How does the trust contribute to and enhance the school's worship and spiritual life?*

The OFSTED School Inspection Handbook (2019) states:

Inspectors will evaluate the effectiveness of the school's provision for pupils' spiritual, moral, social and cultural education. This is a broad concept that can be seen across the school's activities ...

Provision for the spiritual development of pupils includes developing their:

- *ability to be reflective about their own beliefs (religious or otherwise) and perspective on life.*
- *knowledge of, and respect for, different people's faiths, feelings, and values*
- *sense of enjoyment and fascination in learning about themselves, others, and the world around them.*
- *use of imagination and creativity in their learning.*
- *willingness to reflect on their experiences.*

5. Shared understanding of spiritual development

Philip Sheldrake writes:

"In Christian terms, spirituality refers to the way our fundamental values, lifestyles, and spiritual practices reflect particular understandings of God, human identity, and the material world as the context for human transformation...We shall see that all Christian spiritual traditions are rooted in the Hebrew and Christian scriptures, particularly in the gospels and in the life and teachings of Jesus Christ. Christian spirituality is fundamentally concerned with following the way of Jesus Christ."³

As a church school, it is this Christian framework that shapes our shared understanding of spirituality and spiritual development. We recognise the importance of engaging with our linked church/es in determining this shared understanding in the context of our school's Christian vision and values.

To make conversations about spiritual flourishing more accessible to every member of our school community, St Martin's CE Primary School has chosen to use the following shared understanding of spirituality and spiritual development ...

"Spirituality means living and shining in God's light by being kind, respectful, and thankful. It is about seeing the beauty in the world around us, growing our faith, finding connection with others, and sharing God's love through our words and actions."

We believe that spirituality is about living and growing in the light of God's love. It is expressed through kindness, respect, and thankfulness in all we do. We see spirituality as the heartbeat of our school — shaping the way we relate to one another, approach learning, and care for God's creation. Through worship, reflection, and daily interactions, we encourage every child and adult to recognise the beauty and wonder of the world around them, to explore their own sense of faith and purpose, and to share God's love through their words and actions. In this way, our spiritual development is not separate from everyday life but woven through all aspects of our school community.

We encourage our staff and pupils to know that they can find God's strength in all things: words, emotions, music, listening and hearing and spending quiet time with God. They know they can find strength in God through faith in action by planting seeds of compassion and being courageous advocates. In our community we respect that everyone is uniquely made in the image of God. Through this respect we encourage everyone in our school community to understand and accept diversity and difference within cultures and each other. This nurtures the inner soul of our pupils and staff, enabling them to embrace Big questions, doubts and the wonder of existence. We encourage our school community to

³ Philip Sheldrake, *Spirituality, A Brief History*. (Wiley-Blackwell, 2013) p.7

grow together in wisdom, compassion, strength and instil a sense of hope. This allows everyone to spiritually appreciate all that is good, joyful, truthful and beautiful, and, in respectful relationship with others, to value and embrace all that the world around them has to offer.

The school's definition of spirituality complements the Fray's Academy Trust's broader vision by grounding abstract spiritual concepts in everyday actions and values. While the Trust describes spirituality as a deep, inner connection to ourselves, others, the world, and God—expressed through wonder, joy, empathy, and reflection—the school brings this to life through practical expressions such as kindness, respect, thankfulness, and sharing God's love. Both definitions are rooted in Christian faith and celebrate the spiritual journey of every individual, encouraging a sense of awe, beauty, and belonging within a diverse community. Together, they offer a holistic understanding of spirituality that nurtures both personal growth and communal harmony.

6. Provision

The school pursues the aims by ensuring:

- The curriculum and all areas of our community life will be driven by the school's Christian vision statement and associated values.
- Opportunities for spiritual development are actively planned into the curriculum and encouraged in all areas of school life.
- Unplanned and spontaneous spiritual opportunities for spiritual development are recognised, acknowledged and/or celebrated by staff and pupils.
- Collective worship celebrates the love of God for every individual and provides opportunities for children to respond and reflect on this.
- A solid understanding of the Christian concept of God as Father, Son and Holy Spirit; of prayer and of the Bible is nurtured and developed.
- The school building and outdoor environment provides appropriate spaces for silence, stillness, and prayer.
- Pupils' spiritual capacities such as imagination, empathy and insight are fostered through the creative arts and interactive multi-sensory teaching strategies making use of the outdoor environment and relevant educational visits.
- The provision of opportunities to listen attentively and observe carefully, listening with discernment, valuing what is good and worthwhile and making judgements through discussion and exchange of views and ideas.
- Support for learning to live with success and failure for themselves and with others.
- Moral development is linked to spiritual development.
- Pupils are given as many opportunities as possible to explore the wonder of the natural world and to develop an understanding of the Christian belief that creation is a gift from God to be enjoyed, cherished, and protected.
- The delivery and content will be made accessible to all pupils including those with special educational needs and disabilities (SEND).
- Consideration of Early Years curriculum and how the curriculum for younger children can support spiritual development.
- The religious background of all pupils will be taken into consideration when planning teaching.

7. CPD and training

This is a complex area and staff should be trained and equipped to provide for the spiritual development of pupils within the context of a Church of England school. We access diocesan-led training for those with a particular role in planning for and evaluating spiritual development.

8. Monitoring and evaluation

Spiritual development cannot be measured and continues throughout our lives. However, opportunities offered to pupils for spiritual development will be monitored and evaluated in the following ways:

- Observing and listening to pupils.
- Regular discussion at staff and governor meetings alongside the school's Christian vision and values.
- Sharing of classroom work and practice.
- Ensuring that staff have a clear understanding of what spiritual development means in this school by providing them with induction and development training.
- Evidence from pupils' work, e.g. reflective diary, RE books, SMSC work, creative writing, art.
- Regular inclusion in the SEF.
- CPD opportunities and sharing examples of good practice with other schools.
- Seeking to evaluate, formally and informally, with pupils and adults, activities with a particular focus on spirituality and spiritual development (e.g. collective worship)

Provision for spiritual development is monitored by senior leaders and our Christian Distinctiveness Leader through:

- Pupil voice activities
- Surveys for children and the staff and parent community
- Learning walks with members of the Trust Central team
- Collaborative monitoring with the clergy and other headteachers from the Trust Schools.
- Regular 'Shine team' meetings

Provision for spiritual development is independently inspected by law under Section 48 of the Education Act 2005 (SIAMS).

9. Opportunities for spiritual flourishing of adults

Under the SIAMS framework, it is also the intention that the spiritual flourishing of adults should be enabled and enhanced by the work of the school. We consider ways in which our routines and practices (e.g. staff meetings, CPD, collective worship, church services, staff retreats) can contribute to the spiritual life of adults in our community.

Evaluation/Review

This policy is reviewed regularly by the Headteacher and/or designated senior teacher and ratified every **three years** by the Governing Body.
